Georgetown Middle High School  
Georgetown, Massachusetts

To Mr. Mal Fraser:

Throughout our high school years, we have learned many lessons that will stay with us for the rest of our lives. All of us will look back on our experiences in Mr. Fraser's classroom with a laugh and a smile. Chemistry was made interesting with hikes down to the stream behind Dunkin' Donuts and stories of Mr. Fraser's EMT days. He allowed us to learn beyond the basics of chemistry. His weather reports always kept us updated and hopeful about the possibility of a snow day or a cancelled practice. We all have our own memories of Mr. Fraser that we will bring with us as we explore our futures, wherever they may take us. Remember when...

- we burned my medication?
- you heated the room with water on Bunsen burners?
- you put on your jumpsuit and galoshes to go out to the stream behind Dunkin' Donuts?
- you hit your head on the cabinet and didn't know you were bleeding?
- we used to watch ESPN and March Madness during A block?
- we watched magic shows?
- we went in a wormhole and traveled through time?
- we videotaped you for TV and film class on our Hall Police skit?
- when you asked me if I was dropped as a baby?

Thank you,

To me school was a waste of time at first, then I learned that it really wasn't. I don't really know a lot of people here but the ones I do know have shown me a lot in this past year since I've lived in Georgetown. To me school is a lot like racing... people think that it is real easy,

but once you're the one sitting there waiting for the light to turn green you don't know anything. School runs the way your car does... if you miss a grade it is a lot like missing a gear when you're in the race. All I have to say is really take your time and you will succeed in life. Sit there before you do something and think about what you are doing because most likely you won't mess up.

Laura Driscoll

Mom- Thanks for always being there even when it certainly wasn't easy. Thanks for sticking by me and never giving up. I love you! Dad- Thanks for being willing to drop everything to help. I love you! Chris- I couldn't ask for a more incredible brother! I am so thankful that you are home safely. Thanks for everything you do for me! Love you always! Much as we'd like to, we can't escape or deny the influence Georgetown has had on all of us. These years have taught me so much about both myself and others, and there's no replacing them. Remember me for who I was, not for what I did.  
 What I did didn't define who I was.  
 And who I was didn't always dictate what I did.

I want to walk in the footsteps of giants. I never had the chance to say much as a kid, so I want to thank all the teachers, faculty, and students who listened, be it for a moment or a school year. I want to thank Mr. Murphy for seeing something in me and bringing me to Honors English, and I want to thank Mrs. Ford, Dr. Venutti, and Mr. Goldberg for continuing that education. I want to thank Ms. Halsdorff for being such a cool art teacher, and for helping me tremendously with college, and for Mr. Umbro and Mrs. Lane, for being there. In closing, I would like to say, "I love this school. Period."

Gina Scoppettuolo

Thank you, Mom and Dad for everything, for helping me through life and teaching me the difference between right and wrong. Thank you for getting me ready for the future. I love you both very much. Joe, thanks you for being such a good brother and sticking up for me when I didn't know how. You are the best. Laura, thank you for always being there through the good times and the bad. We've had a lot of fun times through out the years. Remember dancing in the snow with our bathing suits on,

the time we went into the haunted house at Topsfield Fair, or playing dress up. I love our cute sayings like, "What Happen?" or "I throw awayyyy!", "Rubber-band man", or "So where are we eating tonight?" I love you. Good luck in California BFF. Emma I love you. We've been friends since 2nd grade! Do you remember when you were flirting with those guys in the mall?, and I will never forget how you say "deodorant". Stay in touch! Mrs. Lee Thank you so much for helping me and putting up with me. Last, Mrs. Mongeau, Dance Club was great. I will miss it so much. D+G=forever.

Nick Scotti

"We were just hanging out on the corner, after skating for a few  
We were just killing time looking for something new  
Then some came along with a guitar, and we just started to play  
And we sang Clash songs and the songs of our lives until late into  
the night"

To my friends, and the countless memories  
we've had, from the shows to skating, from the  
parties to the relaxin', and from the good times  
to the bad times.

David Simmons

Thanks guys for bringing me in. You know who you are, Burns, Deming, and Baa. I came in last year and you guys saved me from Stein! Burns: good times going The Loop trying to pick up chicks for the party. Deming: oh man, the times we had, especially being the team cripples. Baa: so much fun going mini golfing and to the driving range. Emily: You and I have gone through so much this year. The laughter, the tears, and the 2 weeks I lived at your house. I'll never forget the kindness you showed me and when you were always there for me and I will always be there for you.

Logan: Oh man, sooo many memories. Getting lost in Newburyport, the cider, falling down the stairs, fighting with the Dbag, and being the middleman. I wish you luck in Colorado and I hope to keep in touch. Bret: the friday night throw downs were a blast! Our heated discussions by the fire and the damn lighter fluid! Never forget man, Bush '04! The Girls: you know who you are. The times fighting with the Dbag and the whipped cream party! The rest goes out to my family who has supported me behind every decision I made, even the poor ones. Also, Rich and Nancy for being my family away from my family. You guys did so much for me in a tough situation and I appreciate it.

Farewell

2005  
two thousand five

To Mrs. Clay: Thank you for your dedication and hard work. Without you this yearbook would not be possible. We appreciate all the time you gave up to help us with this. Your devotion has not gone unnoticed.

To Kevin the Yearbook Man: Without you, we wouldn't have known where to start. This yearbook is a first: first color, first online construction. We would have been lost without your ideas and constant guidance. Thanks for all the free food, too!

To the yearbook staff: Your ideas and creativity made this yearbook what it is- a tribute to our class and our memories. Thank you for putting in your time and effort to help us create this commemoration of our peers.

To the Class of 2005: We have had our ups and downs, but our memories will stay with us forever. We will all take a piece of this little town with us wherever we go, and we will always be able to trace our roots back to GHS. From playing Power Rangers on the Perley playground to field trips to Graf Rink to the "song of the week" that everyone seems to be singing. It has been quite a journey. We have matured together and grown apart, but the memories we have created here at Georgetown High are everlasting.

"All my time is froze in motion  
 Can't I stay an hour or two or more?  
 Don't let me let you go  
 Here's a toast to all those who hear me all too well  
 Here's to the nights we felt alive  
 Here's to the tears you knew you'd cry  
 Here's to goodbye  
 Tomorrow's gonna come too soon..."

At the start of freshman year, every class faces the challenge of finding an advisor for the next four years. Fortunately for our class, Ms. Walsh agreed to be our advisor.

Ms. Walsh has the perfect balance of responsibility and fun, making the sometimes tiresome task of fundraising go as smoothly as possible. Unlike other classes, Ms. Walsh began by doing all the work as our only advisor. However, in eleventh grade, Ms. Burghardt joined us.

Ms. Burghardt was always cheerful, even when she had to stay after school until five o'clock during pep rally week.

From chaperoning dances to decorating for the frolic to selling pies, Ms. Walsh and Ms. Burghardt gave up their own time without any complaints, making everything more enjoyable for everyone. Both are very organized and helpful. Without our advisors our class never would have been the same. Thank you so much for your time and effort. The class of 2005 will never forget you!
